PRODUCT DESCRIPTION

Designer: Formafantasma

Wirering LED Wall Light by Flos

The Wirering LED wall light by designer Formfantasma is an innovative and contemporary design providing indirect light emission. Stripped back to its most essential elements, offering beauty never seen before from a wall sconce, the Wirering wall lamp makes a statement about minimalist design and its decorative impact.

Available with a grey cable, and four ring colours, gold, grey, black and white, this wall light can be used to create a bespoke design to suit your room and interior perfectly. The unique design of the Wirering LED wall lamp has a body in calendared, extruded aluminium with a galvanised or varnished finish with a special tangent cable made from coloured rubber which provides the power supply. The cable is fixed to the wall with ABS joints in the same finish as the ring.
