PRODUCT DESCRIPTION

Designer: Luc Ramael

Equilibre Halo S3 Pendant Light by Prandina

Internationally exhibited designer Luc Ramael is known for his functional, minimal yet nonetheless beautiful designs. Much like his other collaborations with Prandina, the [Glam Table Lamp](#) and [Biluna Floor Lamp](#), his Equilibre S3 pendant light is all of these things and more.

A versatile [pendant](#), equally at home hanging above an intimate living or dining area as it is lighting wide, open commercial spaces, the Equilibre Halo pendant consists of a large, circular diffuser attached to a tapered stem, and its name is a reference to the subtle formal balance between these two elements. With a pair of independently-controlled light sources, you can choose whether to direct light upwards through the stem to reflect from the ceiling and provide indirect light across a room, or downwards to directly illuminate a worktop or table.

The Equilibre S3 pendant is available in a matt white finish. Use alone as an elegant feature light or combine several to create a stunning array.
