Filo Floor Lamp by Foscarini

The designer Andrea Anastasio was inspired by the parts of a light and so created the Filo floor lamp alongside others in the [Foscarini Filo collection](#). Combining the cable, light source and decorative shapes, Anastasio has created an artistic and beautiful floor lamp that is wonderful for many spaces.

The Filo floor light is made with a china lampshade and coloured blown-glass spheres, producing a truly unique aesthetic. The shade emits a partially diffused glow and a direct downward light, making it perfect for ambience and decoration in the room. Perfect for both homes and commercial spaces, this award-winning floor light should not be missed!
