PRODUCT DESCRIPTION

Designer: Svend Aage Holm-Sørensen

Opal Lamella pendant by Warm Nordic

The Opal Lamella emits a warm and indirect light, due to its triple layered opal glass diffuser. The glass is then enclosed in a steel crown giving it a stylish and sculptural appearance. The soft diffused light makes it a great choice for your kitchen, bedroom or living room. It's also ideal displayed above a dining table or kitchen island as a single pendant or in cluster with other Opal Lamella Pendants.
