PRODUCT DESCRIPTION

Porta Romana Compton Chandelier

The Compton chandelier has a large circular frame with numerous hand-made plaster bowl-shaped shades are balancing on top. The metal ring and the shades are both in black colour but they are also available in white plaster. The unique detail lies within the bowl where a golden colour allows for a warm colour to be emitted.

The size of the chandelier and the number of shades can also be customised by you, if you prefer it in a smaller size for example.
