### Deco Wall Lamp by NORR11

Inspired by the wall lights seen in 1930s hotels during the Art Deco movement, designers Tommy Hyldahl and Kristian Sofus Hansen have created the Deco wall lamp, made from opal glass. Like its inspiration, the Deco wall light has a tubular lampshade sitting in an iron frame. Distinguished by its simplistic and minimalist aesthetic, this wall light produces a nice diffused glow that shimmers thanks to the ridged edges on the lampshade.

This wall lamp is perfect for homes and commercial spaces and looks best when bought in multiple to line across the wall. Particularly useful for lounges and reception areas, the Deco wall lamp will add both a vintage yet contemporary touch and will look even more splendid when combined with other lights from the [NORR11 Deco collection](#).
