Line Pendant Light by NORR11

The Line pendant is part of the [NORR11 Line collection](#), designed exclusively for Norr11 by Rune Krøjgaard and Knut Bendik Humlevik. The inspiration for the range comes from the Film Noir genre that dominated screens in the 1940s. What has resulted is a pendant light that has a clean silhouette, defined lines and a warm glow.

Available in two sizes, Line One and Line Two, the Line pendant light is made from spun aluminium and has a beautiful rod above the shade that is made from brass or oxidised brass. The shade has no diffuser, allowing for a raw yet soft illumination that is directed downward. The Line pendant will look good in any domestic or professional setting and thrives when hung over a table. Buy multiple in different colours and sizes to cluster together, creating a magnificent light display inspired by the 1940s and timeless in look.
