PRODUCT DESCRIPTION

Designer: Thomas Bernstrand

Shibuya Ceiling/Wall Light by Zero

The latest addition to the family, the Shibuya light is here to light up your wall. A design by Thomas Bernstrand for Swedish manufacturer, Zero. The Shibuya light can be installed either on the ceiling or the wall, illuminating any interior space. A light that is perfect for both residential and commercial settings.

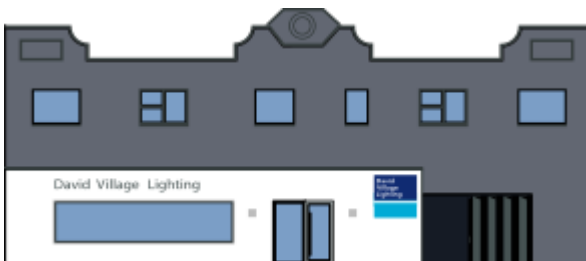

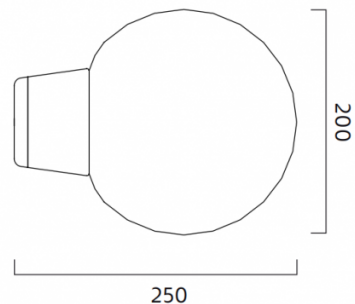

The Shibuya light offers a variety of colourful options for you to choose from. The ceiling/wall fixture is made of aluminium, painted in a choice of black (NCS S9000), white (RAL 9016), grey (RA 5000) or red (RAL 0405070) colours. To complete the light, you have to choose the diffuser, in crackled glass, which is available in hues of red, grey or cognac. The crackled glass create a game of shadows which only amplify the decorative effect of the Shibuya lights.

PRODUCT SPECIFICATION

Light Source: 1 x max 20W E27 (excluded)

IP Code: 20

Dimensions: Ø 20 cm
25 cm depth/height
