PRODUCT DESCRIPTION

Designer: Garcia Cumini

Spokes 1 MyLight Pendant Light by Foscarini

The Spokes 1 MyLight pendant is controlled via bluetooth using the handy Casambi app, allowing you to create the atmosphere you want using a smart device. This pendant light is part of the [Foscarini Spokes collection](#), a range by design studio Garcia Cumini. Inspired by lanterns and aviaries, the Spokes 1 MyLight pendant light is made from thin metal rods in a unique and rounded shape.

Resembling bicycle spokes, the many influences for this design are unmistakable. The pendant has a downward directed light and a light source that sits inside, reflecting through the rods, casting intriguing and geometric shadows. Perfect for many spaces, both professional and domestic, this light can be enjoyed alone or in multiple compositions alongside other pendant lights in the collection.
