PRODUCT DESCRIPTION

Designer: Garcia Cumini

Spokes 2 MyLight Pendant Light by Foscarini

Part of the [Foscarini Spokes collection](#), the Spokes 2 MyLight pendant is a contemporary and stylish light that takes its name from the spokes on a bicycle wheel because of its metal rod design. The light is crafted into a lovely rounded shape which is appealing and inviting, suitable for many rooms in both homes and commercial spaces.

The Spokes 2 MyLight pendant light has 2 LED integrated light sources with one pointing upwards and one directed downwards. This allows for a functional down light that would look good hung over tables and the upper light reflects through the rods, creating playful shadows that are decorative. Available in 3 sizes and 5 colours, this light is truly innovative as it can be dimmed via bluetooth using the Casambi app on any smart device!
