PRODUCT DESCRIPTION

Designer: Serge & Robert Cornelissen

Kwic Ceiling/Wall by Axolight

Kwic is dynamic, refined designed by Serge and Robert Cornelissen, for Italian brand Axolight. A semi-spherical blown glass diffuser is asymmetrical placed onto a metal painted disk. The disk is available in two sizes, 36 or 48 cm diameter, and a choice of intense black or transparent bronze finish. The blown glass diffuser houses the integrated LED source, which emits a warm white (3000K) light. The glow is radiates in every direction, while some light escapes through the back of the frame; leaving the other side with a shadow.

A stunning, decorative light, the Kwic can be installed either on the wall or ceiling. The collection also includes a [suspension light](#) in two sizes and a [floor lamp](#).
