Caleo 1 Pendant Light by Le Klint

Designed by Rikke Frost, the Caleo 1 pendant was developed after making the [Caleo Original pendant light](#), creating a smaller version using the same design aesthetic. The pendant has beautiful pleating and the classic paper shade that is present in all of Le Klint's lighting collections and you can choose between 2 colours, white or white/bronze.

The Caleo 1 pendant light provides a warm glow that is diffused and glare-free, perfect for creating a cosy atmosphere with an effective light. The pendant light can be used in many settings and can be used alone in smaller spaces or in multiple in larger spaces. Put into a cluster to create a light feature or simply use in rows for a more uniform effect. Use in kitchens, lounges, bedrooms and more in homes and professional settings.
