PRODUCT DESCRIPTION

Arena by Panzeri

One of Panzeri's best sellers, the Arena suspension lights were designed by Panzeri's founder's son, Enzo Panzeri. The Arena, available in three sizes (diameter or 98 cm, 147 cm or 194 cm), has an extruded aluminium ring structure with an inner and upwards light emission. The internal emission is dimmable via DALI/Push to make dimming systems. The suspension also has a series of spotlights, 3 for the 98 cm, 4 for the 147 cm and 5 for the 194 cm, and they are non dimmable.

The oversized suspension can be installed above a dining table, a reception area or just about in any interior setting. Available in five colour options, bronze, matt brass, titanium, black or white, the Arena is guaranteed to match any interior decor. With a 5m cable length, you can hang the Arena in either low or high ceiling spaces.
