PRODUCT DESCRIPTION

Designer: Hans-Agne Jakobsson

Fringe Floor Lamp by Warm Nordic

Designed by Hans-Agne Jakobsson, the Fringe floor lamp was created in 1960 and has maintained all of its original grace and chicness. The lampshade is made from a stunning fringe, in either a pale rose or cream white colour, which acts to conceal the light source, creating a warm, soft glow. The vintage style of the floor lamp makes it timeless and versatile, useful in many settings such as bedrooms, lounges and dining rooms.

The Fringe floor light has a subtle on/off switch located on the top of the shade and has a simple, sleek silhouette perfect for many spaces. The floor light will be a talking point in the room and will look iconic and sophisticated, whether in a professional or domestic setting.

This floor lamp can only be fitted with an LED retrofit light bulb.
