PRODUCT DESCRIPTION

Designer: Ludovica & Roberto Palomba

Bump by Foscarini

Throughout Foscarini's and Ludovica and Roberto Palomba's collaboration, their focus was based on exploring new textures and blown glass techniques. All that work led to the creation of Bump suspension, an organic and irregular looking light. The suspension not only has a complex surface decoration but also interacts with the light in various ways.

Bump suspension light comes in three colour options, Petroleum with a white interior, Gold with a white interior and Transparent (frost). While the coloured suspensions emit a direct and focused downwards light; the transparent Bump diffuses the light through the shade itself. The dome shaped shade is uneven, retaining an appearance of a restructured dented surface. A perfect light to install above a dinning area, the living room or kitchen, but also an excellent choice for contract projects and in hospitality.

PRODUCT SPECIFICATION

Light Source: 1 x max 23W E27 LED (excluded)
IP Code: 20
Dimming: Dimmable via mains phase dimming.
Dimensions: 38 cm shade height
 Ø 53 cm
 Ø 16 cm ceiling canopy
 340 cm drop height
