PRODUCT DESCRIPTION

Designer: Michael Anastassiades

Last Order LED Portable Table Lamp by Flos

The Last Order portable lamp was designed by Michael Anastassiades, exclusively for Flos. The portable table lamp has a simple glass base with a fluted design, being reminiscent of the ancient column which is an architectural design staple. The table lamp is topped off by a metal shade which is available in 4 colours, matt green, polished brass, satin copper and polished stainless steel. The Last Order portable light has an integrated LED light source which is long-lasting and energy efficient.

The portable table light can be charged with the included charger, so you can carry the light around and use it wherever it is most needed. The light glows from the bottom outwards, providing a beautiful and warming ambience for any interior. There is also an integrated dimmer switch which operates on a 3-step system, so you can create the exact atmosphere you want.

The matt green and polished stainless steel finishes are also suitable for outdoor use, so you can light up your exterior as the evening sky draws in.

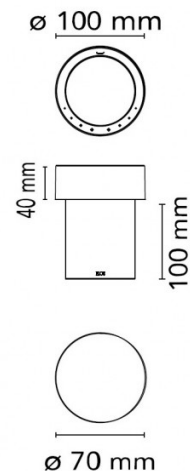

PRODUCT SPECIFICATION
