PRODUCT DESCRIPTION

Designer: Verner Panton

Verpan Pantop 23 Pendant

An iconic Verpan light is now available in a smaller version, the Pantop Ø 23cm. The new pendant light is available in a choice of 12 vibrant colours; each chosen carefully as to match with any interior aesthetics. In fact, the Pantop 23cm was among Verner Pantan's original designs of the light back in 1980 and Verpan are now re-introducing the design, making available to all. For Verpan, the selection of colour palette for the new lights was extremely important out of respect to Pantan's understanding of colours and their influence on ones mood.

With a 2.5m cable you can install your Pantop 23cm in both low and high ceiling areas, and are ideal lights for both residential and commercial settings. The dark green, matt metallic and matt black lights come with a black cable, while the other colours have a white cable. The white, black, metallic and classic blue lights have a matt finish, while the warm yellow, dusty rose, burgundy, bright red, dark green, mint grey, light blue and grey sand have a glossy finish. Recently Verpan have added a matt terracotta and matt dusty blue to the collection.

The new Verpan Pantop 23 cm includes a [table lamp](#) model, available in the same colour options and the iconic bell-shaped shade.
