PRODUCT DESCRIPTION

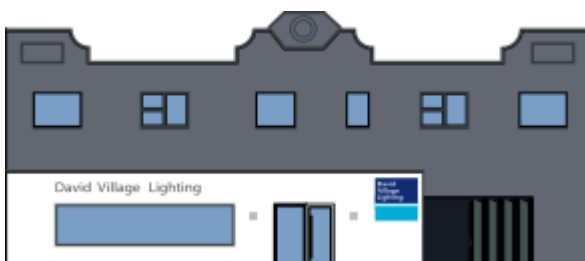

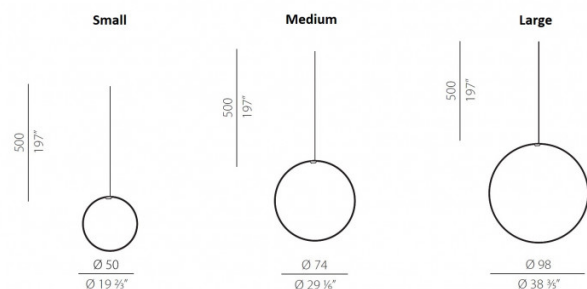

Zero Round Vertical LED Pendant Light by Panzeri

The Zero Round Vertical pendant was designed by Enzo Panzeri in 2018 and is one of the bestselling lights from the Panzeri brand. The pendant light has a simplistic circular design that provides both an indirect and direct emission. The integrated LED light source is long-lasting, energy-saving and is also dimmable so you can create the right atmosphere in your space.

The Zero Round Vertical pendant light is available in 3 sizes and 5 colours, white, black, matt brass, bronze and titanium. The suspensions are supplied with a matching colour ceiling canopy and driver. You can use one pendant alone for a smaller space or mix and match sizes and colours to create a magnificent cluster or row. Suitable for homes and commercial spaces, this pendant lamp will particularly thrive in larger spaces when used in multiple to provide much needed lighting.
