### PRODUCT DESCRIPTION

**Designer:** Marc Sadler

### Twiggy Elle Wood LED Floor Lamp by Foscarini

The [Foscarini Twiggy collection](#) is extended with this new addition to the range after 15 years of success and acclamation. The Twiggy Elle Wood LED floor light has the same functionality and essence of the [Twiggy floor lamp](#) but has a different arm so the shade is further away from the base.

The floor lamp also has a lampshade that is made from maple wood, adding a more natural and organic look to the bestselling floor light. The Twiggy Elle Wood floor lamp is available with either a black, burgundy or greige (mix of beige and grey) coloured body paired with the wooden diffuser, so you can find the right look for your interior. Use in lounges, bedrooms, offices, dining rooms and more in domestic and public spaces for an ambient and effective glow.

**This LED floor lamp has to be assembled in a room with a minimum ceiling height of 280cm due to the Foscarini manufacturing process that results in a height fluctuation.**
