PRODUCT DESCRIPTION

Designer: Luca Nichetto

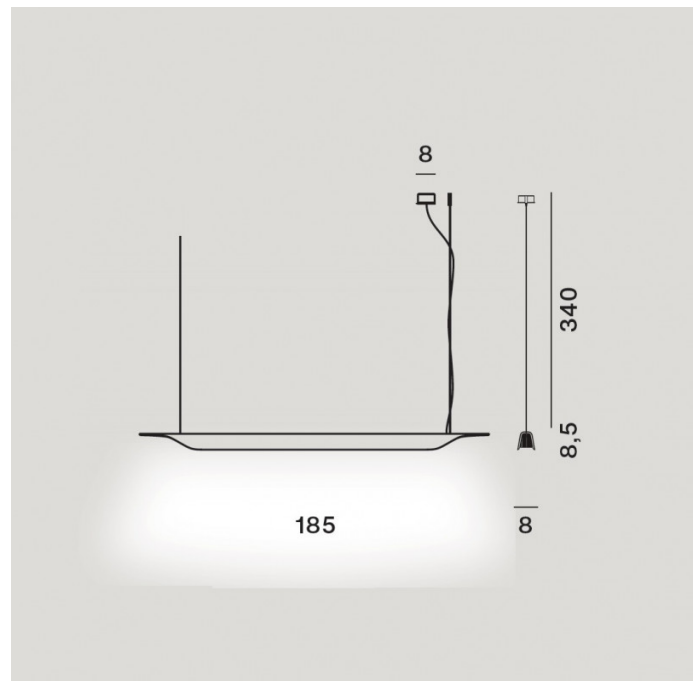

Troag LED Suspension Light by Foscarini

The LED version of the [Foscarini Troag suspension](#), this light has been updated with LED technology to ensure for a long-lasting glow. The Troag suspension lamp is inspired a canoe-shaped bowl that is found traditionally in Swedish homes, with the designer Luca Nichetto translating this silhouette into a beautiful light.

The Troag LED pendant is made from gorgeous plywood, carved into a clean silhouette and keeping the original colour finish for true authenticity. The suspension light also has a PMMA diffuser to conceal the light source and to spread the light evenly throughout the room. This pendant light can be used in many spaces thanks to its aesthetic and function, being useful as a main light in small settings or used in multiple for larger settings.
