PRODUCT DESCRIPTION

Designer: Giancarlo Mattioli

Nessino by Artemide

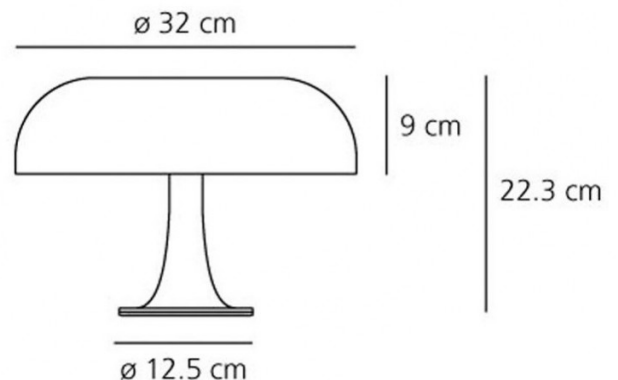

The smaller version of the classic and original [Nesso](#) table lamp, the Nessino was also designed by Giancarlo Mattioli in 1967. The table lamp met the same success as its predecessor. A minimalist design that still gives recognition to the 1960s vibes. The lamp, with a smaller body than the Nesso, fits just about everywhere in your home while the choice of orange or white further validates its bold statement. The diffuser and body are both in polycarbonate, while the light source emits a diffused and direct light.
