PRODUCT DESCRIPTION

Designer: Rodolfo Dordoni

Lumiere XXS Table Lamp

The Lumiere XXS table lamp is a reinterpretation of the original [Lumiere table lamp](#), designed by Rodolfo Dordoni. Modernised with a more angular base and clean lines, this table lamp is very chic and uses the contrast of glass and metal to produce a contemporary look. You can also choose between 2 shade colours, white or cool grey and 2 base colours, aluminium or black chrome, for a personalised aesthetic.

The light is nicely diffused by the glass and the inside is painted white to create a soft glow. The table light comes with a dimmer switch so you can create the perfect ambience in your space. Use in bedrooms, lounges, offices and more in both homes and commercial settings. The XXS table light is small in size so is versatile and can be used in many interiors. For a bigger size, check out the [Lumiere XXL Table Lamp](#) online now.
