Twiggy XL Table Lamp by Foscarini

The Twiggy XL table lamp for Foscarini by Marc Sadler, like much of the Twiggy range, is available in the classic colours of white and black. Simplicity combined with flexibility and versatility characterise the formal elegance of Twiggy which finds further usage possibilities in the table lamp version.

The diffuser of the Twiggy XL table light guarantees maximum exploitation of the light source which offers direct lighting on the surface below and reflection of the light upwards. The table lamp is made of composite lacquered material on a fibre glass base and comes complete with dimmer on the cable to create a warm ambience suited to your needs. Match with other pendants, suspensions and floor lamps from the [Foscarini Twiggy collection](#), to complete the look in your interior.
