Oluce Spider Floor Lamp

Oluce Spider Floor Lamp was designed by Joe Colombo in 1965. Spider Floor Lamp won the first Golden Compass Award for Oluce. In 1972, the Spider collection was displayed in New York for an unforgettable exhibition entitled "Italy: The New Domestic Landscape". Since then, the collection has been added to a permanent collection at the Triennale International Exhibition in Milan. You can add an element of sophistication to any residential or commercial décor.

Spider Floor Lamp is an excellent source of direct lighting that can enhance the ambience of any room. The lamp features a sleek and modern design, with a gloss black stove-enamelled metal reflector that is specifically created to take a special horizontal bulb. This unique design ensures that the light is evenly distributed throughout the room, creating a warm and inviting atmosphere. Overall, the Spider Floor Lamp is a stylish and practical addition to any home or office.
