PRODUCT DESCRIPTION

Designer: Atelier Oi

Vitruvio Floor Lamp by Artemide

Inspired by the art of clockmaking, the designer Atelier Oi introduces a 3 rod metal mechanism into a glass globe for the Vitruvio floor light. The rods support the lampshade, being an innovative and intelligent use of mechanics to create a beautiful and poetic aesthetic. The glass shade has a gorgeous shape that also has lines in the top to reduce glare and provide an even, diffused glow.

The Vitruvio floor lamp comes in two colours: brass, which has a transparent glass shade and black, which has a smoked glass shade. Tradition and modernity meet in the design of this floor lamp, offering function, beauty, elegance and relevance, perfect for a wide variety of settings.
