Anglepoise Type 80 W3 Wall Light

PRODUCT DESCRIPTION

Designer: Sir Kenneth Grange

Anglepoise Type 80 W3 Wall Light

The Type 80 W3 wall lamp is the latest 2021 release as part of the Anglepoise Type 80 collection by Sir Kenneth Grange. The wall light has a beautiful conical shade that lets light escape from the bottom and from the top, creating a directed glow and a halo of light that produces a warm atmosphere. The wall lamp has joints, making it very flexible so you can direct the light where you need.

Available in a chic matt black or grey mist colour finish, the Type 80 W3 wall lamp has a modern and stylish aesthetic, perfect for use in many interiors. The adjustability of the Type 80 W3 means it can be used as a reading/task light or as an ambient lighting solution. Use in homes, work spaces of commercial settings for a gorgeous and functional fixture.

This wall light is available with either a cable and plug which needs to be installed by a socket or as a hard-wired version. Please consult your electrician to hard wire into the mains.
