PRODUCT DESCRIPTION

Designer: Éric de Dormaël

Map 1 LED Wall Light by DCW éditions

Designed by Éric de Dormaël, the Map 1 wall light has a graphic design that retains elegance and classicism. The wall light has a brass finish and an integrated LED light source which shines through the bottom of each section. This allows the glow to reflect off the surface, producing a warming and comforting illumination.

The Map 1 wall lamp is available in 2 sizes, the smaller Map 1 and the larger Map 1 L, and will add a touch of refinement to any interior. With a timeless aesthetic, this wall lamp harkens back to 20th century design, updated with new technology for a long-lasting light. Suitable for many settings, you can use the Map 1 for hallways, lounges, dining rooms, corridors and many more. You can also match this light with the Map 2 wall lamp which expands upon the Map 1 design.
