PRODUCT DESCRIPTION

Cathode Suspension Lamp by Davide Groppi

Made of blown glass, the Cathode suspension lamp is a minimalistic design. The pendant light was designed by Omar Carraglia in 2015 for David Groppi. Inspired by the classic light bulb and resembling a Cathode, hence its name. A futuristic look, the Cathode is a wondrous device of light.

With brass details, the pendant comes with a black cable and ceiling rose. And is available in two colour temperatures, warmest white (2700K) or warm white (3000K). You can install in any setting, both residential and commercial including high ceiling spaces.
