PRODUCT DESCRIPTION

Designer: Héctor Serrano

a-emotional light Agasallo Pendant

The Agasallo Pendant was designed by Héctor Serrano for a-emotional light. The name comes from the Galician word for “gift”. Each pendant in this collection resembles a present, carefully hand-folded and fastened at the top. The structure is made from a-emotional’s patented stainless-steel mesh, which allows the pendant to be durable and easy to maintain.

As light escapes the tiny holes in the exterior, The Agasallo Pendant creates a warm, ambient light. The downward lighting from beneath make these pendants ideal for handing over work surfaces. They are available in four sizes and can be installed individually or as multiples, mixing the various sizes to create an eye-catching display.
