PRODUCT DESCRIPTION

Designer: Søren Refsgaard

Le Klint Shibui Wall Light

Designed by Søren Refsgaard, the Shibui wall light is rich in both Scandinavian tradition and Japanese culture. Its simple design is named after the Japanese term for subjects that are subtle and exude unobtrusive beauty. True to Le Klint's style, the lampshade is made from white plastic foil, folded to create a geometric shape with sharp and clean lines.

The Shibui wall lamp has a contemporary black metal structure that holds the shade in mid-air, creating the appearance of a classic Japanese lantern. The wall light creates an effective and warm glow that is both functional and welcoming. Useful in lounges, offices, bedrooms, dining rooms, and more, the Shibui wall lamp will add a touch of character to any interior.
