PRODUCT DESCRIPTION

Designer: Poul Henningsen

PH 2/2 Question Mark Limited Edition Table Lamp by Louis Poulsen

Available for a limited time only, the PH 2/2 Question Mark table lamp is a beautiful and graceful light that was originally designed by Poul Henningsen in 1931. Henningsen created the Question Mark based on his three-shade system which he developed in 1926, that allows for a glare-free glow that is effective and warming. This is retained in the 2/2 table light as the top shade has a 20cm diameter with each shade underneath being half the size of each other. Based on pure ratios, the PH 2/2 is a mathematical and design wonder which is now enjoying new life in 2021 after being out of development since the mid 1950s.

The table light is made from stunning brass which is untreated and so will develop a patina over time, being a timeless piece that takes on its surroundings to be an emblem of history in your space. The table lamp is aptly called the Question Mark due to its wonderful curvature and is also adjustable with a handle that tilts the shade 45° in each direction. The glass lampshade also adds a touch of elegance and will look gorgeous in any setting, whether used in the home or in a professional setting.

PRODUCT SPECIFICATION

Light Source: 1 x Max 25W E27 (excluded)

IP Code: 20

Dimming: Integrated on/off switch on the product.

Dimensions: Shade: Ø20cm
Height: 41cm
Depth: 27.5cm
Base: Ø14cm
Cable Length: 280cm
