PRODUCT DESCRIPTION

Designer: Verner Panton

Verpan Pantop LED Portable Table Lamp

Designed by Verner Panton in 1980, the Pantop LED Portable Lamp balances decorative flourish with functional clarity. Panton, renowned for his bold use of colour, created the Pantop in a wide range of finishes to give the collection a strong personality. The colour palette creates an elegant and playful aesthetic, perfect for contemporary interiors in domestic and commercial settings alike.

When switched on, the flared, bell-shaped shade emits diffused downward light, providing functional lighting with a wide spread of light for added ambience. An integrated 3-step dimmer allows users to adjust light intensity to suit any mood. Charge via the included USB-C cable for up to 8 hours of light at maximum settings. Please note that a charging plug is not included. With an IP rating of 44, the Pantop Portable Table Lamp is suitable for indoor and outdoor use. Illuminate a reading nook or move the lamp outside to provide gentle lighting during warm evenings.
