Artemide Eclisse 2021 Limited Edition Table Lamp

In 2021, to celebrate 100 years of Vico Magistretti, Artemide released a limited edition metallic range of the classic Eclisse Table Lamp. With its bold retro style and modern design, the Artemide Eclisse Lamp is featured in museums worldwide. This classic desk lamp, designed by Italian architect Vico Magistretti in 1965, is a fine balance between design and utility. Its smooth glossed surface, paired with the rotating shade, allows you to direct and diffuse the light by almost 'eclipsing' the light source.

With its highly functional dimming ability and on/off switch, this unique desk lamp comes in a variety of limited edition colours, allowing you to choose between gold, copper, silver and black. The metallic finish gives these table top lamps a luxurious feel, which would add elegance to any space. Whether you are looking for a statement lamp to brighten up a room or a calming addition to a bedside table, the Artemide Eclisse 2021 can adapt to all.
