PRODUCT DESCRIPTION

Designer: Elemental

Artemide Architectural "O" Floor Outdoor LED Floor Lamp

Elemental's "O" brings a precise, minimal ring to exterior settings, quietly framing nature and sightlines even when switched off. The slim aluminium profile houses LEDs on the inner edge for soft, low-glare illumination, useful for paths, terraces and hospitality frontage. With CRI 90 performance, planting and material finishes read naturally after dark.

The freestanding base and lightweight profile support straightforward placement and relocation during commissioning. App/sensor control is supported within the family, enabling schedules and energy reduction on live projects. Use single rings as markers or repeat along approaches to enhance wayfinding and identity.

As the official UK distributor, we can support you with the Artemide configurator and specification. Contact us at artemide@davidvillagelighting.co.uk.

PRODUCT SPECIFICATION

Light Source: **Ø90:** 43W, 3000K, 1830 Lumens
Ø150: 65W, 3000K, 3126 Lumens
