PRODUCT DESCRIPTION

Designer: Bert Frank Design Team

Bert Frank Riddle Cluster Pendant Light

Bert Frank Riddle Cluster Pendant Light groups three or five perforated, machined-brass pendants beneath a circular spreader plate. Light passes through the perforated shades and interacts across the cluster, creating the interplay of light that characterises the Riddle design.

Both the 3 Cluster and 5 Cluster are available in Brushed Brass, Antique Brass, Dark Bronze, and Satin Nickel, with powder-coated options for the details. Black flex cable is supplied as standard, with other cable colours available on request, and the individual drops can be adjusted on site.

The choice of three or five pendants allows the grouped arrangement to be specified at two scales while retaining the same Riddle shade. Best suited above dining tables, within stairwells and entrance spaces, or where a grouped pendant installation is required.

Please note, the product shown features Bert Frank's Textured Black powder-coated details. Alongside Textured Black, Bert Frank also offers Textured Cream, Textured Blue, Textured Green, Textured Oxblood, Satin White, Satin Dove, Satin Hazel, Satin Olive and Satin Black powder-coated finishes. Contact us for pricing and information.
