PRODUCT DESCRIPTION

Designer: Studio Pepe

Petite Friture Unseen LED Pendant Lamps

The Petite Friture Unseen LED Pendant was designed by Studio Pepe in Milan in 2006 with the aim of creating a visionary identity. The U-shaped pendant is made from modular curved LED light tubes with elegant brass finishes that seemingly float in space. Individually and as part of an ensemble, these suspended lights are proof of astounding technical mastery and profound simplicity. Unseen is said to arouse emotions with its unique, elegant, and sensitive touch whilst beautifully balancing playfulness and sophistication.

This stunning luminaire is highly adaptable as it can be installed vertically or horizontally to bring a sleek, modern look to any space. Another adaptable feature of these LED pendant lamps is that they come with a ceiling cup included, however, are available to install in recessed ceilings without a ceiling cup. This can allow you to customise and curate your own personal installation which will highlight your space perfectly.
