PRODUCT DESCRIPTION

Designer: Patrick Norguet

Lodes JIM Cylinder Pendant

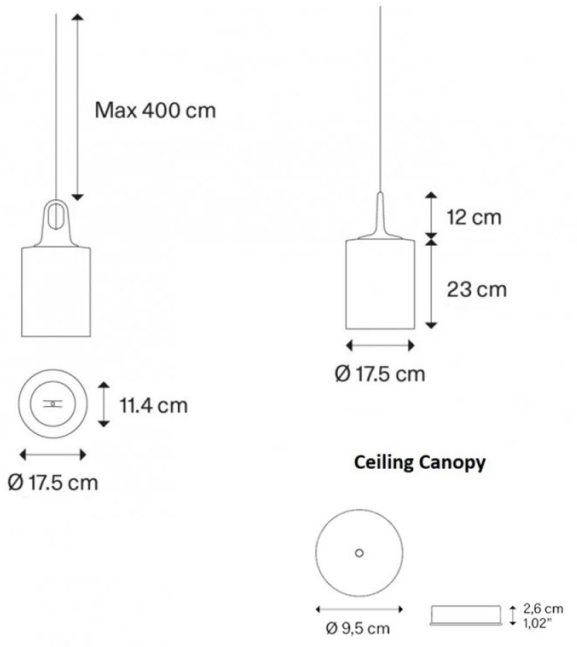

Part of the Lodes JIM Collection, the JIM Cylinder Pendant features a modest cylindrical silhouette for a timeless aesthetic. Designer Patrick Norguet was inspired by lampshades commonly found in artists' studios in the early 1900s, echoing their well-defined and distinctive forms.

The metal shade, available in a Matte black or Matte Champagne finish, is paired with a Grey or Honey-coloured methacrylate hook. In addition to being utilised for their durable nature, the contrast in materials creates an eye-catching effect. With a downward-directed glow, the JIM Cylinder Pendant is perfect for installing above work surfaces such as a kitchen island. Display individually, in rows to line long surfaces, or in clusters for a captivating composition.

The JIM Cylinder Pendant comes with a standard white ceiling canopy. Mini and recessed canopies in alternative colours are available, as well as a multiple ceiling canopy for large configurations. Please contact us for more information and prices.
