PRODUCT DESCRIPTION

Designer: Patrick Norguet

JIM Cylinder Pendant Light by Lodes

A part of the [Lodes JIM collection](#), the JIM cylinder pendant has a simple cylindrical shape that is minimalist and contemporary. The designer, Patrick Norguet, was inspired by lampshades commonly found in artists' studios in the early 1900s and so has created a pendant lamp that has a well-defined and distinctive shape.

The lampshade is made from metal, available in a matte black, matte champagne, matte white or coppery bronze finish, and is paired and contrasted with a methacrylate hook which is available in grey, or honey. The contrast in materials creates an eye-catching look and the shape of the pendant means the light directs downwards. Perfect to use alone or in multiple, the JIM cylinder pendant lamp can be used in a wide variety of settings and applications.

The JIM cylinder pendant light comes with a standard white ceiling canopy included in the purchase by Lodes. A recessed or a mini size is also available in various colours as well as a multiple canopy to create clusters or lines. Please [contact us](#) for more info and ordering.

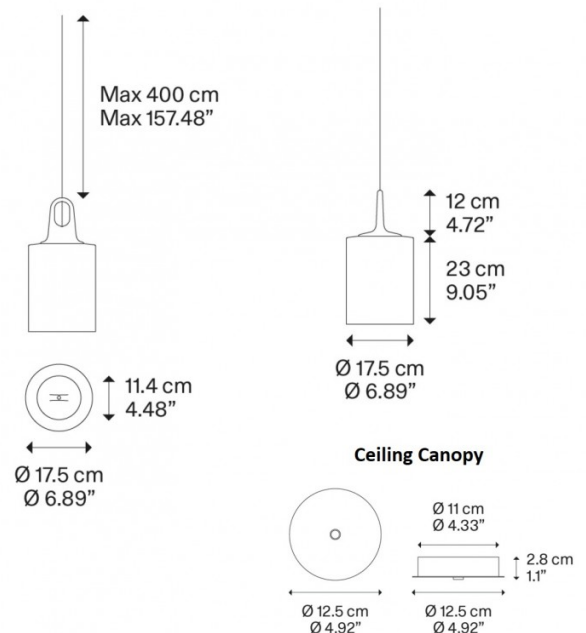

PRODUCT SPECIFICATION

Light Source: 1 x max 25W E27 A60 GLS LED (excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming

Dimensions: Ø17.5cm shade
25cm shade height
