PRODUCT DESCRIPTION

Designer: Norm Architects

Audo Copenhagen Column Portable Lamp

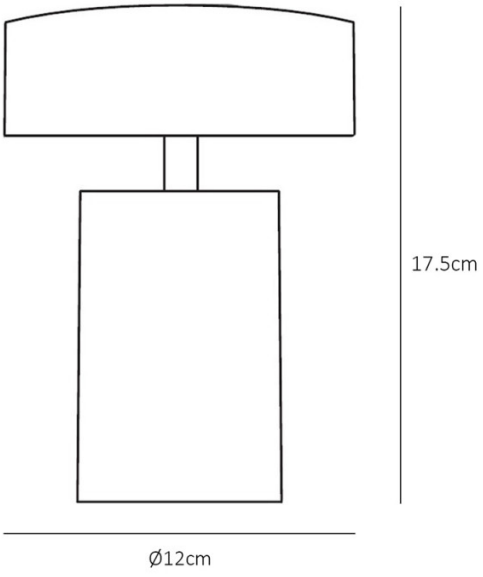

Designed by Norm Architects, the Column Portable Lamp is a modern and contemporary light with a luxurious bronze or aluminium colour finish. The silhouette is inspired by bollards that are used to tie up vessels to a jetty, having a sleek mushroom shape that is intriguing and striking.

The Audo Copenhagen Column Portable is made from aluminium and has a handy IP44 rating, so you can enjoy the light outdoors and indoors. The base has a 3-step dimmer switch so you can control the light setting, and it also features a magnetic charging port that is compatible with the included Audo Copenhagen charger cable. Suitable for a wide variety of settings, this versatile table lamp is the perfect companion to set the mood and create a lovely atmosphere.

The Column Portable Lamp is compatible with the Audo Copenhagen charging tray, which allows you to charge multiple portable lights at once, perfect for bigger settings and projects. Please contact us for prices and more information.
