PRODUCT DESCRIPTION

Designer: Muller Van Severen

HAY Arcs Pendant Light

The HAY Arcs Pendant was designed by Belgian artist duo Fien Muller and Hannes Van Severen in 2021. By drawing on their passion for architecture and materials, the duo's designs celebrate colour and textiles. This approach to design is reflected in the Arcs Pendant. Comprised of a continuous chain of curved arches, the shade creates a special volume that plays with light and shape. The steel shade is available in four vibrant finishes: Auburn Red, Sea Green, Cobalt Blue and Mirror.

The Arcs Pendant creates glare-free, ambient up-and-down lighting, perfect for use above a table or worksurface. The bold colour palette paired with the scalloped silhouette adds a splash of colour and a strong personality to any interior. Display individually for a subtle sculptural presence or in clusters to create contrasts in depth and colour.

Please note: The cord set for this product is also available in White, Grey, Red, Green, Yellow, Lilac and Navy. Contact us for pricing and information.

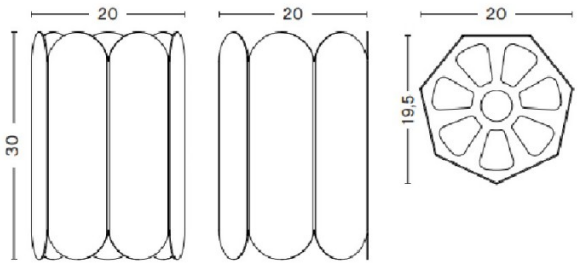

PRODUCT SPECIFICATION

Light Source: 1 x Max 15W E27 LED (Excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: Height: 30cm
Width: 20cm
Depth: 20cm
Cable Length: 400cm
