PRODUCT DESCRIPTION

Designer: Inga Sempé

HAY Matin LED Wall Light

The HAY Matin LED Wall Light was designed by Inga Sempé, who was inspired by the beautiful ribbon shops in Paris. Sempé is renowned for designs with the lightest touch, a strong personality and a particularly tactile nature. This is reflected in the HAY Matin LED Wall Light, which combines visual delicacy with physical robustness. The pleated cotton shade pairs with a steel wire frame for a captivating contrast of materials. The lamp can be angled approximately 45 degrees both upwards and downwards to direct light as required.

The HAY Matin LED Wall Light is available in two sizes, 300 and 380, and a variety of different vibrant colours. The integrated LED can be controlled via the in-line dimmer, allowing users to adjust the light output to suit any mood. Display in a bedroom, living room or study, angling the shade to alternate between an ambient uplight or direct, focused lighting.

PRODUCT SPECIFICATION

Light Source: 5W, 2800K, 150 Lumens
