PRODUCT DESCRIPTION

Designer: Inga Sempé

HAY Matin LED Wall Light

The HAY Matin LED Wall Light was designed by Inga Sempé and was inspired by the beautiful ribbon shops in Paris. Inga Sempé uses her fascination for pleats to create these functional yet delicate looking designs. Her work is known for having the lightest touch, a strong personality and a particularly tactile nature. This is clear in the design of the HAY Matin LED Wall Light that combines visual delicacy with physical robustness. The pleated cotton shade is paired with a steel wire bent frame finished in polished brass that allows the lamp to have a wide range of mobility. The lamp can be angled approximately 45 degrees both upwards and downwards to create a directional ambient light at any angle.

The HAY Matin LED Wall Light is available in two sizes, 300 and 380, and six different vibrant colours. These colours were carefully selected by Inga Sempé to represent the colour palette of the French ribbon shops that were her first inspiration behind the wall light. Not only is this lamp adjustable and available in different sizes and colours, it also contains an integrated LED light with an inline dimmer switch on the cord. This gives you the ability to customise every aspect of the lamp, from the colour to the intensity of the light.

PRODUCT SPECIFICATION

Light Source: 5W, 2800K, 150 Lumens

IP Code: 20

Dimming: Inline dimmer included on cable.

Dimensions: **300**

Height: 30cm
