HAY Matin Flush Mount Ceiling / Wall Light

The HAY Matin Flush Mount Ceiling/Wall Light was designed by Inga Sempé, who's designs are described as having the lightest touch, a strong personality and a particularly tactile nature. This is reflected in the delicate-looking form of the Matin Flush Wall Light. Crafted from pleated cotton mounted on a steel bracket, the lamp balances visual delicacy with physical robustness. Sempé carefully selected the collection's colour palette based on colours she had seen in ribbon shops in Paris.

Available in White, Yellow, and Lavender, the Matin Flush Mount Ceiling/Wall Light adds a splash of fun and vibrancy to any interior. When illuminated, the Matin emits an ambient light, diffused by the cotton shade into a glare-free, comfortable glow. The shade conceals the wall bracket to maintain the light's uncluttered appearance. Display throughout the home to create a cosy and welcoming atmosphere or, in larger spaces, create unique compositions by installing in clusters for a dynamic effect.
