HAY Bonbon Shade Pendant

The HAY Bonbon Shade Pendant Light was designed by Ana Kraš after she created her original technique of weaving wool and nylon to produce textured, one-of-a-kind pieces. Each shade is handcrafted by weaving carefully selected yarn around a powder-coated steel frame. The Bonbon Pendant is available in four sizes and a range of finishes. With a warm and textile presence, the Bonbon adds a welcoming sense of comfort to interiors.

The Bonbon Pendant blurs the line between art and design, resulting in a sculptural piece, even when not in use. When illuminated, the Bonbon casts glare-free up and down lighting, while the fabric shade gently diffuses light, creating a cosy ambience. This atmospheric lighting is particularly well-suited to bedrooms, dining rooms, and living rooms. Display with the Bonbon Table Lamp to create a sense of balance.

Please note: The cord set for this product is also available in White, Grey, Red, Green, Yellow, Lilac and Navy. Contact us for pricing and information.
