PRODUCT DESCRIPTION

Designer: Jens Møller-Jensen

Louis Poulsen Albertslund Outdoor Wall Light

The Albertslund Wall Light was originally designed by Jens Møller-Jensen in 1963 for a residential project in Albertslund, Denmark. Still relevant today, this wall light can be used in a wide variety of outdoor settings to provide much-needed illumination. Albertslund is characterised by a metal structure which holds a clear glass lampshade that slightly exposes the light source, resulting in a functional glow, perfect for illuminating exterior walls. The shade also has an anti-glare ring so that the light is softly diffused.

The Louis Poulsen Albertslund Wall Light is available in 2 sizes, short or long, and in 3 colour finishes, galvanised aluminium, white or grey. You can use it in gardens, patios, terraces or even as a welcome home light for a stylish and vintage touch.

The Albertslund outdoor wall lamp is also available to purchase with part frosted glass instead of clear glass. Please contact us for more info and prices.

PRODUCT SPECIFICATION

Light Source: 1 x Max 11.2W E27 LED (Excluded)

IP Code: 44

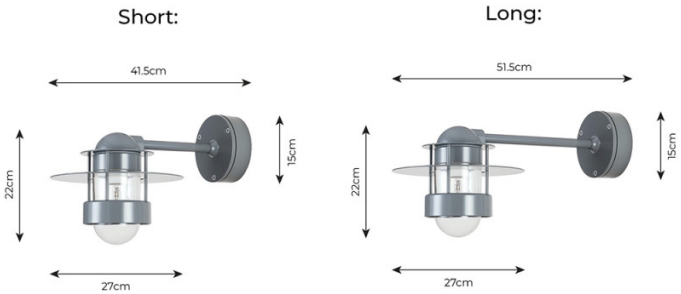

Dimming: Non-Dimmable.

Dimensions:

Short:
Shade: Ø27cm
Shade Height: 22cm
Depth: 41.5cm

Long:
Shade: Ø27cm
Shade Height: 22cm
Depth: 51.5cm

Wall Base: Ø15cm
