PRODUCT DESCRIPTION

Designer: Ciszak Dalmas

Marset Ambrosia LED Suspension Light

The Ambrosia suspension was designed by the Ciszak Dalmas design studio, originally conceived for a luxury boutique in Madrid. The suspension light updates and reinterprets the traditional Linestra fixture which is a linear LED bulb that is energy-saving and effective. The designers apply this, creating a sleek and minimal metal structure that holds either one or two LED light sources.

The Ambrosia pendant is available in 4 sizes, Ambrosia 120, Ambrosia 180, Ambrosia 210 and Ambrosia 315, with each number denoting the length and in 2 colours, matt gold or black. The suspension also comes with a height of 26.6cm as standard but this can be altered by purchasing either 40cm or 60cm poles from Marset which extend the light. The pendant light is also available with a 2200K or 3000K colour temperature as well as the standard 2700K. The versatility of the Ambrosia makes it perfect for many settings, with you being able to personalise heights, colour temperature and dimming settings to best suit your needs.

PRODUCT SPECIFICATION

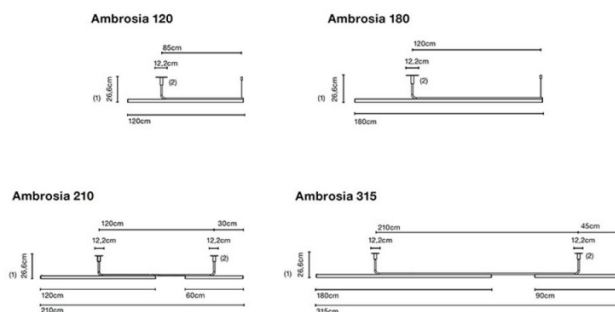

Light Source: **Ambrosia 120** - 19.2W, 2700K, 2028 Lumens
Ambrosia 180 - 28.8W, 2700K, 2833 Lumens
