PRODUCT DESCRIPTION

Designer: Robert Dabi

KDLN Poise LED Table Lamp

The Poise Table Lamp was designed by Robert Dabi in 2021 for KDLN. An expression of minimalism and interaction, the Poise is defined by its circular diffuser, which can be angled and adjusted to suit its environment. A flexible section between the rod and ring lets users move the ring up to 320 degrees. The solid T-shaped base acts as a counterbalance, providing stability throughout ever-changing configurations.

The Poise Table Lamp is available in a black finish, which complements the lamp's sleek, minimalistic style. An integrated LED strip provides a bright halo of ambient lighting, which can be dimmed to suit any mood. Display in a living room to create a welcoming, comfortable atmosphere and a focal point that invites interaction.

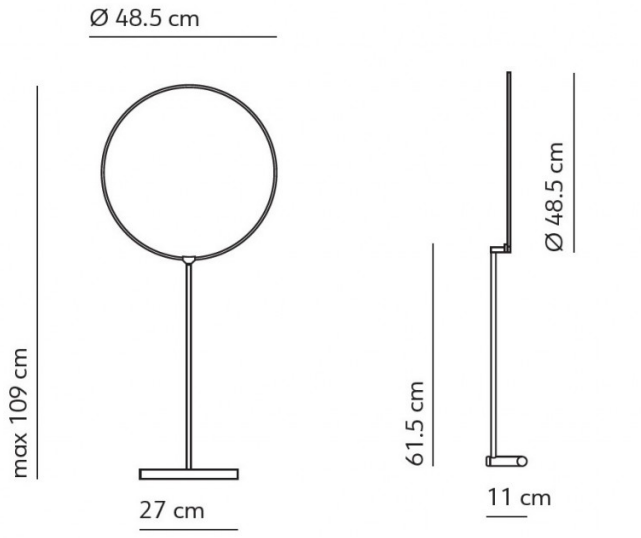

PRODUCT SPECIFICATION
