PRODUCT DESCRIPTION

Designer: BIG

Louis Poulsen Keglen LED Floor Lamp

The Louis Poulsen Keglen LED Floor Lamp was designed by BIG Ideas with the aim of creating a simple design that is strikingly graphic. The cone-shaped shade conceals the moulded diffuser that morphs into the simplistic stem, and together creates a product of great organic geometry. This recognisable design is part of the **Keglen Collection** designed by BIG and features a table lamp and pendants.

This design has been translated to multiple products due to the versatility and functionality of the entire product. For example, the stepless touch dimmer integrated into the base of the lamp creates an easy and precise method of dimming the LED light source. The two finishes available, Black and white, are also versatile in nature as they add a minimalist touch to any interior. The finish to this floor lamp is a matte, wet-painted finish that plays with light on the surface of the shade. This results in a stunning effect when the light is turned off as well as when it is turned on. This makes this Louis Poulsen LED floor lamp ideal for any space, whether it be a living room, hallway or study area.

PRODUCT SPECIFICATION

Light Source:	8.5W, 3000K, 573 Lumens
IP Code:	20
Dimming:	Integrated dimmer on product.
Dimensions:	Ø40cm Height: 138cm Cable Length: 230cm
