PRODUCT DESCRIPTION

Designer: Sofie Refer

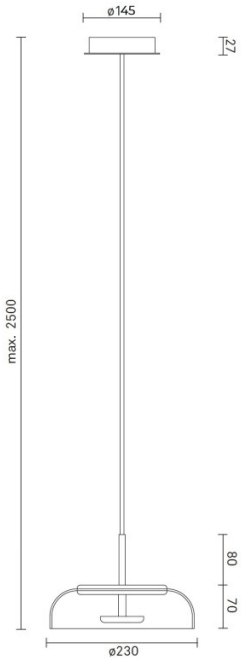

Nuura Blossi 1 LED Pendant Light

The Blossi 1 pendant was designed by Sofie Refer, a founder and the creative director of Nuura. The pendant light is inspired by the golden light that is characteristic of the Scandinavian autumnal season, represented by a Nordic gold metal structure that sits inside a clear glass lampshade. The integrated LED light source sits in the structure, reflecting off the gold disc to provide a warm and sophisticated glow.

The Blossi 1 pendant lamp is an elegant and refined design, suitable to use alone or in multiple for hanging above tables. With dimming capabilities and an adjustable cable length of up to 250cm, you can use the Blossi 1 for many applications around the home, or in professional and public spaces.
