PRODUCT DESCRIPTION

Astro Tacoma Single Wall Light

This Astro wall light is a simplistic design that adds a touch of elegance to any room. Ideal for a hallway, dining room or bathroom, the Tacoma Single wall light emits a bright yet diffused light that creates a calming atmosphere.

The wall mount of this light is available in three finishes which are antique brass, matt black and polished chrome whilst the shade also has three options to choose from. The glass, ribbed glass and ribbed smoke glass all compliment the metallic and black finishes of the mounts. The unique ribbed effect of the glass shades creates a beautiful pattern of light and reflections on the wall. Whereas the simple glass version provides a simple and delicate addition to the hardy wall mounts.

This product would look stunning individually but could also be paired or clustered with other lights from the [Tacoma collection](#).
